

FULLY INTEGRATED CARTRIDGE MANAGEMENT

Provides easy, safe transport and organized storage of cartridges.

CARTRIDGE PROTECTION TUBE

Protects grease cartridges against damage / weather, preserves the integrity of the grease and avoids damage to grease cartridges that cause grease gun malfunctions.

The Tubes provide a clean, safe method of transporting cartridges from vehicle or shop to the point of use and enables the safe and clean return of used grease cartridges from the work site or work vehicle for safe and environmentally responsible disposal.

To withstand the toughest conditions, the Cartridge Protection Tube has an in-built label holder and is transparent for quick and easy identification of contents so that you can be sure that the correct grease is inserted into the correct grease gun every time.

Tubes are supplied standard with a black Hanging Hook and black Outdoor Paper Content Label. OILSAFE ID Label enables more accurate, color-coded identification of cartridges.

PART # 300000 –
Cartridge Protection Tube

PART # COLORED HOOKS

- 300300 – Beige
- 300301 – Black
- 300302 – Blue
- 300303 – Dk Green
- 300304 – Gray
- 300305 – Mid Green

CARTRIDGE CADDY

Safe and easy transport of Cartridge Protection Tubes.

The OILSAFE Cartridge Caddy enables safe and easy transport of Cartridge Protection Tubes around the plant and in vehicles providing the ability to store grease cartridges for complete organization in the workplace.

Manufactured from market-leading materials for both strength and durability, Cartridge Protection Tubes lock securely into the base of the Caddy to store up to six cartridges per Caddy.

Protection Tubes)

CARTRIDGE RACK

Grease cartridges are protected, organized & accessible.

Wall-mounted cartridge rack solves the issue of searching around the shop to locate grease cartridges and allows for the protection and organization of grease cartridges for ease of location and access.

Store up to 12 cartridges per rack using OILSAFE Cartridge Protection Tubes and Hooks.

Mount multiple Cartridge Racks side by side to accommodate as many grease cartridges as required.

PART # 300208

THE LEADER IN VISUAL LUBRICATION SYSTEMS

OILSAFE® Grease Equipment

World's Best Practice Lubricant & Fluid Management System

Use OILSAFE® to manage your fluid transfer from bulk storage to point of use. Our portfolio of products combine to form a revolutionary system that protects lubricants from contamination, reduces machinery down time, and minimizes dangerous, costly spills.

Drive Fitting for 1/4" Drill Hole			
Straight	5	340550	Diameter 11/32"

GREASE FITTING PROTECTORS

OILSAFE Grease Fitting Protectors save you the cost of equipment failures related to contamination or misapplication.

Grease Fitting Protectors deliver a secure seal over most common grease fittings providing excellent protection against contamination. Furthermore, with 10 colors and space for labels the Grease Fitting Protectors clearly identify what grease is required for the fitting.

These innovative, patented products provide a number of benefits over traditional Zerk protectors, including:

- Use as part of the fully integrated, color-coded visual fluid management system.
- Available in 10 colors. Custom and pre-printed labels also available.
- Recessed head for label placement.
- Innovative design ensures easy removal from zerk fitting – even when wearing work gloves.
- Durable industrial grade materials.
- Available in various sizes and in pre-configured kit formats.
- Makes grease fittings easy to find.

Clear Protective Lens - Part # 290999

These lens fit securely into the top of Grease Fitting Protectors and ID Tabs providing a protective barrier above labels. Supplied in bags of 100.

Grease Fitting Straight

• 15 pcs M8 x 1 Straight	• 10 pcs M10 x 1 90°

“DRIVE FIT” GREASE FITTING INSTALLERS

Specialty tools for installing straight and angled “Drive Fit” grease fittings into untapped holes.

Heavy duty steel construction with zinc-plated finish.

ITEM	PART#
Straight	331410
Angled	331411

GREASE FILLER PUMP

No mess or waste. Get the benefits of buying grease in bulk and protected from contamination with this easy to use Grease Filler Pump.

Quickly, cleanly and easily load OILSAFE and other guns with bulk filler points. The female load adapter on this pump will adapt to both American (0.58") and European Straight (9mm) loader fittings.

Recommended Use:

- For grease up to and including NLGI 2.
- Designed for use with 25-50lb/5 gallon grease pails.

ITEM	PART#
Grease Filler Pump	331440

4 WAY GREASE TOOL

Handy, dual purpose tool for removing worn and broken grease fittings as well as re-tapping holes for installing new grease fittings.

Works with both straight and angled fittings and is available in small and large sizes for use on almost all threaded fittings.

- For installing straight grease fittings.
- Screw extractor for removing worn & broken grease fittings.
- For installing angled grease fittings.
- Hardened tap for retapping holes.

ITEM	HEX SIZE	TAP RETHREADS	PART#
4 Way Grease Tool — Small	5/16" (7mm)	1/4" - 28	331401
4 Way Grease Tool — Large	3/8" (9mm) 7/16" (11mm)	1/8" - 27	331400

GREASE FITTING UNBLOCKER - PROFESSIONAL

Opens clogged grease fittings and loosens hardened grease joints.

Excellent for maintaining and protecting bearings, control arms, joints, king pins, etc.

Tool has an all steel construction and is designed to be tapped with a hammer to force a light viscosity oil through the tool into the coupler finally into the grease joint, breaking up and removing dirt and debris.

Comes complete with grease coupler for connection onto the grease fitting and hose for hard to reach fittings.
